Chapter 44: A Favor
寻找前世之旅
第四十四话 请求

Near the city of Edo, I say my farewells to Kyoto
Blow-
Blow-

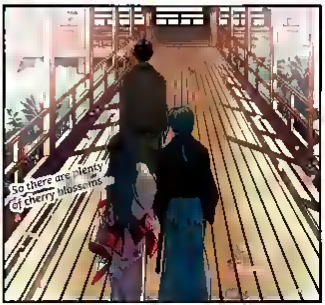

This ploce looks like it was meant for healing the sick

But, 150 years from now, it'll become Japan's busiest city...
Who knew that someone named Okita Soji once lived here?

The wood cabin? It's right there
Thank You!
Soji, is right inside...
Open~

So there are plenty of cherry blossoms

What a heavy scent of medicine!

Okita-san is inside. Please go in.

Soji...

XIAO YIN
SAITO-SAN
Soji's voice, why has it turned hoarse...
Soji, did you miss me?

SFX: Cough 3X

Could it be that because of the coughing, his voice turned hoarse?
SAITO-SAN, HOW IS THE DEPUTY AND SECRETARY? IS EVERYONE ELSE DOING WELL?
Cough~
Everyone's doing well.

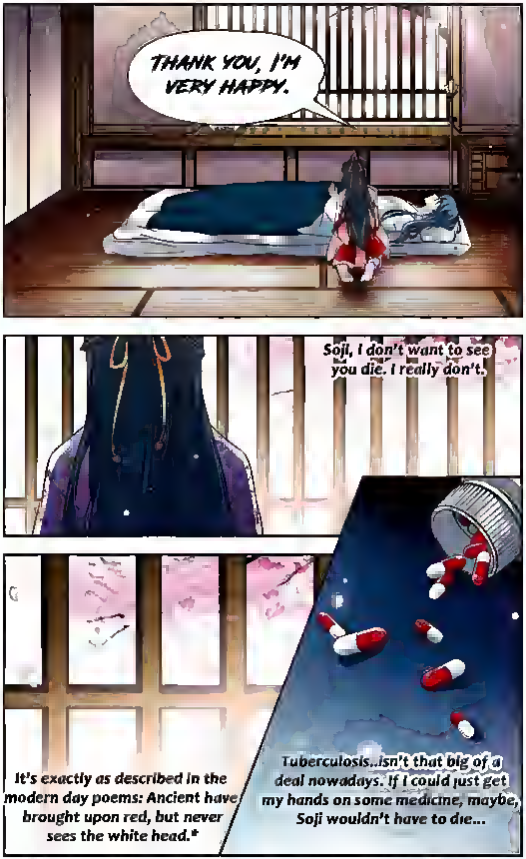

Saito-san...
You...You knew how to smile?
Smiles~
How do you feel?
I'M FINE, I FEEL MUCH BETTER.

Then I'll be going back.
You're leaving so soon?
The Shinsengumi has a lot of things to take care of.
See you later, Soji.

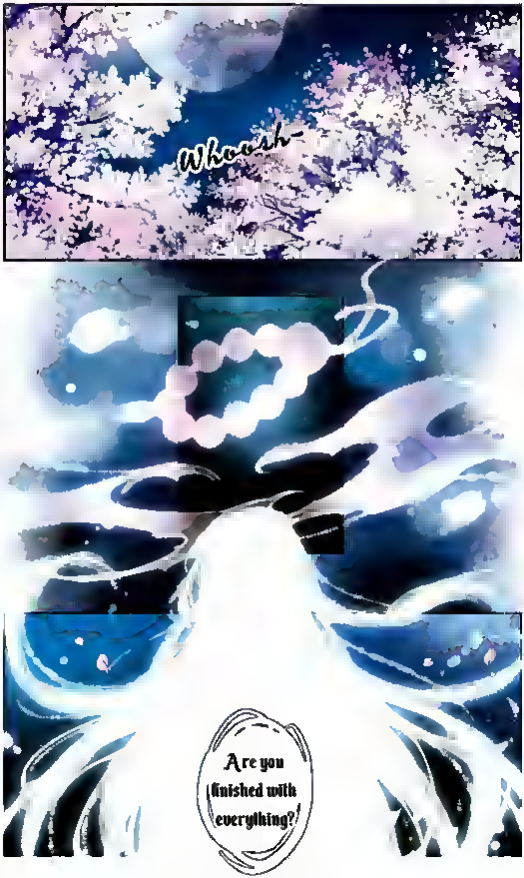

I DIDN'T KNOW THAT SAITO-SAN HAD SUCH A KIND SIDE TO HIM.
You're right, his heart isn't as cold as we imagined it to be...
YOU'RE NOT LEAVING?

I'm staying here to take care of you.
You have to listen, alright?

OKAY!

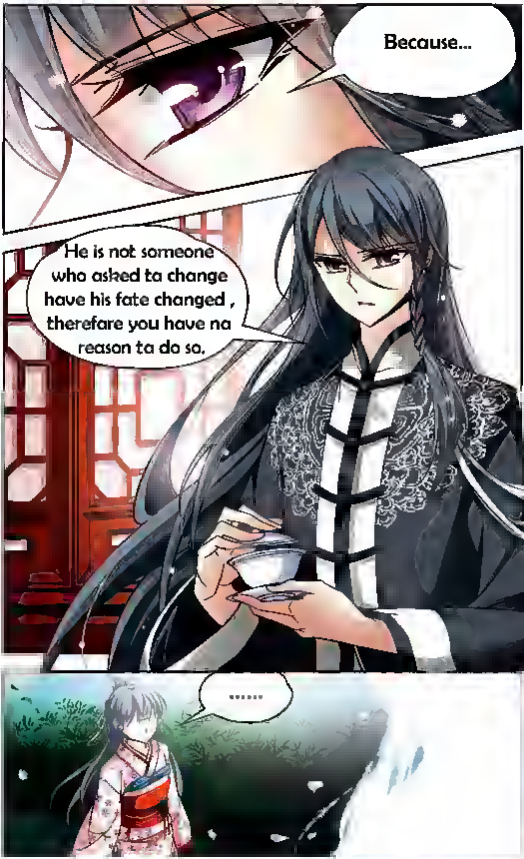

*T/N: This refers to how they cough out a bunch of blood but never live long enough to see their hair becoming white, meaning that they die too early

Whoosh-
Are you finished with everything?

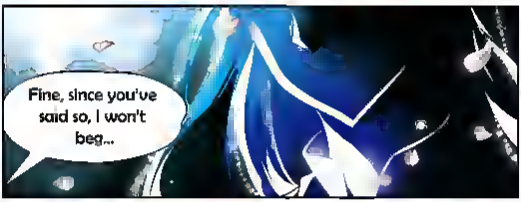

It seems to have taken you a long time.
Shi Fu, listen to me.
If I go back right now, would you still have the power to send me back?
.....
I've said so before. Unless it's for the mission, do not poke your head into other people's business. Are you doing that again?

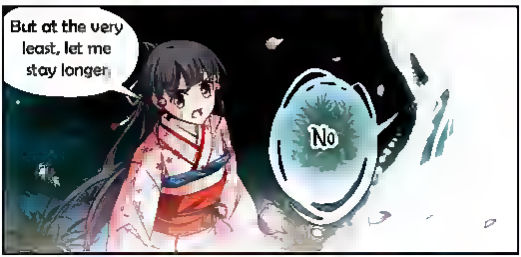

I'm hot!
Soji is my friend, I want to save him!
If we can change someone's fate, why can't I change his fate?

Because...
He is not someone who asked ta change have his fate changed , therefare you have na reason ta do so.
.....

Ye Yin, let me repeal myself one last time
Only take care of the mission.
You have no reason to change someone else's fate.

Come back now

Fine, since you've said so, I won't beg...

But at the very least, let me stay longer
No

Shi Fu! Just give me a short amount of time, or else I'll I'm going to regret it for the rest of my life... Please!
Do what you want. You better know what you're doing!
